

HAGYARD LABORATORY SAMPLE SUBMISSION FORM

Please address packages "**ATTENTION LABORATORY**"

CLIENT INFORMATION

Veterinarian _____
 Clinic Name _____
 Address _____
 City _____ State _____ Zip _____
 Email _____
 Phone _____ Fax _____

PATIENT INFORMATION

Animal Name _____
 Owner/Farm _____
 Age _____ Sex Male Female Breed _____
 Date Specimen Taken _____
 BRIEF HISTORY _____

SPECIMEN(S) SUBMITTED

Blood Fluid Feces
 EDTA Plasma Pericardial Fluid Milk
 Li Hep Plasma Peritoneal Fluid TTW
 Serum Pleural Fluid Urine
 Blood Culture Synovial Fluid

PLEASE SPECIFY SPECIMEN SITE

Abscess/Wound _____
 Skin Scraping _____
 Smear _____
 Stallion _____
 Tissue Fixed Fresh site: _____

TESTING REQUESTED

Chemistry
 Ammonia
 Bile Acids
 Bilirubin Profile
 Blood Gases
 Cardiac Enzymes
 Chemistry Profile
 Colostrum IgG
 Direct Bilirubin
 Electrolytes
 Glucose Tolerance
 IgG
 Intracellular K⁺
 Ionized Calcium
 Lactate
 Liver Profile
 Magnesium
 Milk Electrolytes
 Serum Amyloid A
 SDH
 Therapeutic Profile
 Triglycerides
 Urine Fractionation Panel

Coagulation
 PT
 APTT

Fluid Analysis & Cytology
 Bronchial Lavage Analysis
 Body Fluid Analysis (cell ct & cyto)
 Misc. Cytology
 CSF Analysis
 Urinalysis
 Uterine Cytology
 Uterine Flush Cytology

Hematology
 CBC w/ plt count
 Fibrinogen
 Foal Profile
 Hemogram
 Platelet Count

Hormone Assays
 PMSG
 Progesterone
 T4

Immunochemistry
 Coombs
 Jaundice Foal Agglutination
 NI Screen*
 Transfusion Crossmatch

Serology
 Coggins
 Regular / AGID
 2 Hour / ELISA
 Lawsonia Titer

Microbiology (Culture&Sensitivity)
 Abscess (specify site)
 Anaerobe (specify site)
 Blood Culture
 Body Fluid (specify site)
 C difficile Toxin Kit
 C perfringens Enterotoxin
 Eye
 Fecal Aerobe
 Fecal Egg Count
 Fecal Occult Blood
 Guttural Pouch
 Incision Site
 Milk/Udder
 Nasal
 Rotavirus Kit
 Salmonella
 Skin (includes aerobic and DTM)
 Stallion
 Strep equi Screen
 Trans Tracheal Wash
 Umbilicus
 Urine
 Uterine
 Uterine Flush
 Wound (specify site)

qPCR
 C difficile Toxin A&B
 C perfringens Enterotoxin
 Coronavirus
 Cryptosporidium
 Environmental Salmonella
 Equine Herpes 1
 Equine Herpes 4
 Equine Influenzae
 Equine Rhinitis A&B
 Lawsonia intracellularis
 Potomac Horse Fever
 Rhodococcus equi
 Rotavirus
 Salmonella
 Streptococcus equi

qPCR Panels
 Adult Diarrhea Panel
 C perfringens Toxin Typing
 Foal Diarrhea Panel
 EHV1 Panel
 EHV1&EHV4
 IDC Environmental Panel
 Neonatal Diarrhea Panel
 Respiratory Panel
 Respiratory Panel Plus

***NI SCREENS - We are unable to do NI Screen on mules or donkeys or mares bred to a mule or donkey.**

Please see "Testing Summary" for a complete list of available testing, panel/profile explanations, specimen requirements, turnaround times, and frequency of testing.
